Origin - Blastocystis Subtype 7 Antibody (1D5)

NUS Ref: 10330N

Antibody Detail:

Antibody Type: Monoclonal
Target: CEBP alpha
Clone: 1D5
Genebank Ref Db #: ACO24555 and GU124590

Molecular Weight (kDa): 30
Ig Isotype: IgM

Host Species: Murine
Species Reactivity: Protistan Parasite
Immunogen Species: Protistan Parasite

Acid labile: Yes
Temperature sensitive: Yes
Recommended Storage Temperature: -20°C
Able to supple Antibody: Yes
Format Supply: Unpurified
Supply antigen for purification: Yes
Volume available: 1000 ml
Expected yield: 0.05 mg/ml

Source:
Protein Purified by whole cell lysate

Material Available:

1) Hybridoma
Recommended Antibody Production: Culture Supernatant
2) Supernatant
Amount 50ml

Application :

Eliza: Yes
Western Blot: Yes
IP: Untested
ChIP: Untested
ICC: Untested
IHC (Fresh/Frozen): Untested
IHC (Paraffin): Untested
Flow Cytometry: Yes
IFA: Yes

Dilution: Neat Hybridoma
Testing Sample(s): Parasite lysate
